

LISMORE BEACH CLEAN

SUNDAY 25TH MARCH AT 2pm

Sadly some of our shoreline is littered with plastic debris which breaks down and pollutes the sea, endangering marine creatures and birdlife. If you feel strongly about this unnecessary human effect on wildlife, come and join our community beach clean. Wear gloves, wellies or strong boots and bring a snack and a strong plastic sack if you have one.

Weather permitting we'll have a picnic and bonfire.

Meeting Point 2pm at Laggan Farm.

The polluted beach is a 20 minute walk/scramble round Alastra to opposite the fish farm.
