

Participation Requests

A free learning session introducing the Participation Request part of the Community Empowerment Act

The Community Empowerment (Scotland) Act came into force last year, and communities in Scotland can now make use of it!

This free workshop is a chance to find out what the Act contains and how to make use of it in order to do the sorts of things you want to do as a community. As well as providing a general overview the workshop will introduce you to:

- How community organisations can use '**participation requests**' to start a dialogue with public bodies about things that matter to them. This will be the main focus of the workshop.
- New opportunities to be part of **community planning processes** in your local area.

The workshop is being delivered by **Scottish Community Development Centre (SCDC)**
